## **DUALEX SIGNS PRODUCTION SHARING CONTRACT IN TUNISIA**

*NOT FOR DISTRIBUTION TO UNITED STATES NEWSWIRE SERVICES OR FOR  
DISSEMINATION IN THE UNITED STATES*

DualEx Energy International Inc. (TSX.V: "DXE") is pleased to announce the signing of the Bouhajla Production Sharing Contract ("PSC") and associated documents in Tunis on Friday, September 11, 2009. The initial term of the PSC is three years from the date of ratification, which is expected prior to year-end, with two optional renewal periods of three years each. The Company's wholly-owned subsidiary, DualEx Tunisia Inc., has a 100% Contractor Interest in the Block with a work commitment consisting of a minimum of 100 kilometres of 2D seismic and one exploration well to test the Cretaceous Abiod formation during the initial term.

The Bouhajla Block encompasses 416 square kilometres (105,000 acres), and is located onshore in the Pelagian Basin of east central Tunisia. The Block lies immediately west of the Sidi el Kilani field, which has produced to date approximately 48 million barrels of light oil from the Abiod formation.

DualEx CEO, Garry Hides, commented, "the Company is very excited to have been awarded the Bouhajla Block, which we feel holds considerable exploration potential, and we look forward to a long and rewarding presence in Tunisia."

DualEx Energy International Inc. is an oil and gas exploration company with operations in the greater Mediterranean area. DualEx's common shares trade on the TSX Venture Exchange under the symbol "DXE".

### *Forward-Looking Statements*

*This news release contains forward-looking statements and forward-looking information within the meaning of applicable securities laws. The use of any of the words "expect", "anticipate", "continue", "estimate", "objective", "ongoing", "may", "will", "project", "should", "believe", "plans", "intends" and similar expressions are intended to identify forward-looking information or statements. More particularly and without limitation, this news release contains forward looking statements and information concerning DualEx's future operations and prospects. The forward-looking statements and information are based on certain key expectations and assumptions made by DualEx, including expectations and assumptions concerning equipment and crew availability, and joint venture partner financial capability. Although DualEx believes that the expectations and assumptions on which such forward-looking statements and information are based are reasonable, undue reliance should not be placed on the forward looking statements and information because DualEx can give no assurance that they will prove to be correct. By its nature, such forward-looking information is subject to various risks and uncertainties, which could cause DualEx's actual results and experience to differ materially from the anticipated results or expectations expressed. These risks and uncertainties include, but are not limited to, reservoir performance, labour, equipment and material costs, access to capital markets, interest and currency exchange rates, and political and economic conditions. Additional information on these and other factors is available in continuous disclosure materials filed by DualEx with Canadian securities regulators. Readers are cautioned not to place undue reliance on this*

*forward-looking information, which is given as of the date it is expressed in this news release or otherwise, and to not use future-oriented information or financial outlooks for anything other than their intended purpose. DualEx undertakes no obligation to update publicly or revise any forward-looking information, whether as a result of new information, future events or otherwise, except as required by law.*
